COMMENTS FROM THE TOWN MANAGERS OFFICE

The various steps necessary for removal of the old fire station building and construction of a new fire station in its place are falling in place in an orderly fashion. The tenants in the old building have found other living quarters and both families are in their new quarters. Both families were very cooperative and both complied with the instructions of the selectmen as fast and well as they could.

The fire department has housing for the equipment and supplies and everything has been moved to the temporary location. The siren will be on the Luce Oil Company building.

I expect that the contract to raze the old building and another contract to construct the new building will be signed sometime this week. There are many other things that will have to be done before actual construction can begin. The property lines and corners will have to be located so the building can be positioned in the proper place.

I have been told that a great deal of work goes into this search to locate exact property lines. This can be done while the old building is being taken down and the lot prepared for

Being razed to make room for new fire station. Work of demolishing the above building which contains the Community Room, present fire station, and two apartments was started today. The rooms above the fire station have been used for firemen's meetings but the rooms above the community room have not had any regular use for many years. Work on the new fire station will start as soon as this building is out of the way.

Construction of the new building. The selectmen and fire department have taken all that they want for the town from the old building. After the contract to raze the building has been signed, the contractor has the right to give away any salvageable material such as doors or windows. If he wants to he can destroy the building as fast and easily as possible and not bother with any of that stuff.

PLANS PROGRESS FOR MEDICAL SELF-HELP COURSE

Plans have crystallized for the medical self-help course under the auspices of the local Civil Defense unit, preliminary notice of which was mentioned in last week's Bethel Citizen, by John Greenleaf, Bethel Director of Civil Defense and Public Safety.

The starting date is May 11; the place is the Crescent Park School; the course will consist of ten lessons, on successive Tuesdays and Fridays, lasting from 7:30 to 9:30 p. m. Lesson One will be taught by Steve Jacobs, physics and forestry instructor at Gould Academy, and will consist of a simplified presentation of the subject of nuclear radiation, problems of blast, emphasizing protection against radioactive fallout and simple protective measures that can be carried out at home and community shelters.

Subsequent lessons, the topics of which were announced last week, will be under the guidance of Guy Parker with aid from registered nurses from the community. The class will be limited to about 25 for this first series, but a second course will be offered next fall, if the demand is large enough. Further information can be obtained from C. H. (Bud) Howe, medical administrative officer of the local unit. Those desiring to enroll should call Mrs. Phyllis Dock.

As the title of the course implies, this is a sort of commitment to Red Cross and first aid training, invaluable in time of emergency, as has been so graphically proved in the disaster areas of the mid-west in the last fortnight, when Civil Defense workers were on the job for untold hours. Those questioning the value of these devoted servants of city, town, and hamlet were answered for all time. A swollen Androscoggin River or a fire-devastated Main Street would prove, also the ever-readiness of the Bethel corps to perform yeoman work in alleviating trouble spots. These planned classes will give firm support to their work and deserve a good turn-out of townspeople.

Miss Minnie Wilson is visiting Rev. and Mrs. Richard Hamilton and family in South Portland Tuesday through Friday.

Girls' and Boys' State Delegates Named

Kathleen Brown

Kathleen Brown, daughter of Mr. and Mrs. Irving W. Brown of Bethel, has been chosen by the Mundt-Allen Post Auxiliary, Unit 81, as delegate to the Dirigo Girls' State to be held at Colby College, in Waterville, from June 18th through the 24th.

Kathleen, a junior at Gould Academy, is an honor student, has been a member of the Future Homemakers of America and on the varsity archery team for the past three years. She is a member of the Methodist Church of Bethel.

Girls' State, sponsored each year by the American Legion Auxiliary, is a practical application of Americanism and good citizenship. Its purpose is to provide citizenship training for girls of high school age in every constituent Department of the American Legion Auxiliary; to inform them about the duties, privileges, rights and responsibilities of American citizenship, in order that they may understand and participate in the functioning of their government, and to help them grasp the meaning of

Jack L. Brooks

Jack L. Brooks, son of Mr. and Mrs. Dana G. Brooks, has been chosen by the Mundt-Allen Post No. 81, as this year's delegate to attend the week-long activities of Dirigo Boys' State to be held at the University of Maine from June 27th to July 2nd.

Jack, a junior at Gould Academy, has been active in the Outing Club, Biology Club, French Club and Latin Clubs as well as participating in cross country, track and skiing. He was a member of the 1965 Maine Junior Eastern Ski Team and was elected a co-captain of the '65-'66 Gould ski team. He is a member of the National Honor Society and the West Parish Congregational Church.

Charles A. Jacobs, son of Mr. and Mrs. Stephen L. Jacobs was chosen as alternate.

some of the responsibilities which they must assume as they become adults.

Miss Susan Brown, daughter of Mr. and Mrs. Norris Brown, Bethel, was chosen as alternate delegate.

Mrs. Atanson Bowden and two daughters of Edmond, R. I., are spending this week with Mrs. H. I. Bean and Mr. and Mrs. Seymour Butters and family.

A meeting was held Monday afternoon at the Methodist Church concerning the prospects of a Cub Scout Pack being started soon John Easchus, District Scout Director, was present and explained the procedure necessary. Another meeting will be held April 30 at the Methodist Church Annex at 7 p. m. for all persons interested.

Zing into spring!
Chevrolet Impala

Chevrolet Impala Super Sport Coupe—one of two bucket seated coupes for '65.

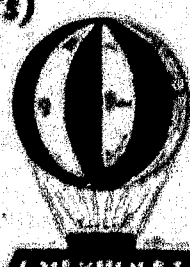

People who buy other big expensive-looking cars
get one thing you won't (big expensive-looking payments)

It looks like a big car. And is—by almost any standard you want to apply.

What? Nobody builds a car as much as one inch wider. Length? It grew three inches this year. Roominess? Every closed model's got three inches more shoulder room, front and rear, and more leg and foot room up front too. Luggage? More little touches like the look of softow walnut across the Impala's instrument panel. And leg touches. Like the firmness of the same body by labor workmanship that makes some of America's most

expensive cars look so expensive. How about the ride? Chevrolet engineers took the Jet-smooth one and smoothed it out even more this year. Also made it more stable by widening the wheel stance. Price? That's where Chevrolet falls way short of the other big expensive-looking cars. But we wouldn't have it any other way. Would you?

One last question: How soon can you make a good spring buy on a Chevrolet? One last answer: Just as soon as you can get down to your Chevrolet dealer's.

SUMMER SCHOOL TO BE HELD AT DIXFIELD FOR FIFTH YEAR

For the fifth consecutive year a summer school will be held at Dixfield Regional High School from June 18 through July 30. This is to provide an opportunity for students and adults to take either one or two subjects for remedial, make-up, or enrichment purposes.

In the past, subjects studied have included mathematics, English, reading, French, typing and U. S. History. This year the demand will again determine the subjects offered. The school is available to anyone, but the order of preference will be: 1. No. 21 resident students; 2. district resident adults; 3. non-resident students; 4. non-resident adults.

Registration for remedial and enrichment subjects should be completed by May 21 and for make-up subjects no later than June 11, through Director John L. Baker, Dixfield Regional High School, Dixfield, Maine. For additional information, contact the guidance director of the high school or the superintendent of schools.

Ralph Waldo Emerson said:

HOW TO CUT HEAT COSTS

5 tips that can help you get more warmth from your heating oil dollar

1. Keep your oil burner clean and properly adjusted. And use today's Shell Heating Oil. It contains a special additive called FOA-EX. This additive helps keep critical burner passages free from clogging—assures better firing.

2. Set your thermostat back when you go to bed at night—saves significantly on your heating oil bills.

3. Be sure your burner has sufficient air. Oil needs lots of air to burn properly. Don't block off air supply to burner. Don't allow dust and lint to accumulate on air intake openings.

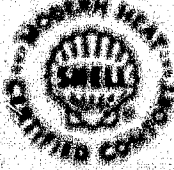

4. Don't block hot air vents or cold air return ducts with furniture.

5. Stop air leaks around poorly fitted windows by using weather-stripping or storm windows.

O-CALLED "MAYO DIET" IS DANGEROUS

A fad diet which keeps cropping up every few years is reaching a new high in popularity. It's being called the "Mayo Diet" this time, and because of this name, people have the impression it comes from the Mayo Clinic.

The Mayo Clinic thinks the whole thing is ridiculous and is protesting the unauthorized use of its name.

Dr. Frederick J. Stare, head of the Department of Nutrition, Harvard School of Public Health, says it can be downright dangerous for many people. Some of the statements accompanying the diet, which have been distributed by the thousands of copies, are scientific falsehoods.

It is true, you can lose weight on the diet, says Dr. Stare. Then you get so tired of grapes, eggs, meat, and salad that you go off it, then you pick up and down business is bad for body metabolism, says Dr. Stare.

Beyond that, the heavy reliance on bacon and eggs in the diet can be dangerous. The diet says you can eat up to a dozen eggs and 12 strips of bacon, if you want to. "In this day and age, when we are concerned about the relationship of cholesterol and heart disease," said Dr. Stare, "any doctor recommending such a diet should be held for malpractice."

CANCER CRUSADE

In Maine, here's how your American Cancer Society works for you...

Cancer Research: Carries on nationwide program by top scientists in hospitals, universities and laboratories.

Cancer Education: To give saving information to people in every local community; bring latest information on diagnosis and treatment to your doctor; for grants and fellowships.

Patient Service: To provide efforts for cancer patients and their families.

Learn these seven danger signs. They may save your life.

1. Unusual bleeding or discharge.

2. A lump or thickening in breast or elsewhere.

3. A sore that does not heal.

4. Change in bowel or bladder habits.

5. Hoarseness or cough.

6. Indigestion or difficulty in swallowing.

7. Change in a wart or mole.

If a signal lasts longer than two weeks, consult a physician. Cancer starts and may spread about pain. A danger signal may seem unimportant, but do not delay.

Help fight cancer—with a check-up and a check!

GIRL SCOUTS

Seventeen Girl Scouts went on a hike on Tuesday to the Pinnacle where they enjoyed a cook out and games. This activity helped pass badges "Gypsy" and "Back Yard Fun". Mrs. Seymour Butters assisted Mrs. Stanley Davis, leader.

Hanover Jr. Troop No. 800 invited the Bethel Jr. Girl Scouts to attend their meeting on Wednesday afternoon. Thirteen Bethel girls attended the meeting after which games, songs, and refreshments were enjoyed. Mrs. Frank Vogt, Mrs. Rodney Jordan and Mrs. Stanley Davis, furnished transportation.

The Kennebec Council has arranged for Girl Scouts from this area to tour places of interest in Portland. Thirty Bethel girls are taking advantage of this opportunity today (Thursday). Adults helping on transportation are Marilyn Parker, Caroline Brooks, Jean Kailey, Dana Brooks and Margaret Davis.

P. T. A. MEETS APRIL 20th

The Bethel Parent Teachers Association met at the Crescent Park School on Tuesday evening, April 20. Due to vacation week, a small group was in attendance.

In the absence of President Frank Vogt, Vice President Stan Davis selected a nominating committee as follows: Lucinda Fiske, Lola Crockett and Gwen Stecher.

Dexter Stowell of the School Board announced that a recent census undertaken by the PTA revealed that there are approximately 280 children of preschool age in the town.

Approval was given a project introduced by the Way and Means Committee to have an Amateur Theatre Group from Boston put on a play at Bingham Hall early in June.

John Bachus, Scout Executive for the Rangeley District of the Pine Tree Council, spoke on Boy Scouting with special reference to the importance of a Cub Scout program. It is hoped that one will be starting in Bethel in the near future.

The attendance banner was won by the 7th grade with refreshments of cake and coffee served by the 2nd grade mothers.
